Under the Milky Way
Wide open road
For What it's Worth
Before you accuse me
I'll be around
Boys don't cry
Vincent Black Lightning
Oh Darling
Roxanne
Light My Fire
Walk on the Wild Side
Been Down so Long
Comfortably Numb
Is she really going out
Lazing on a Sunny arvo
Blues had a Baby
Don't let me down
To Her Door
Sign your name
I put a spell on you
If you leave me
Cookie Jar
Reckless
Streets of your town
Stormy Monday
Hotel California
Sweet Jane
Careless
People are Strange

This is Australia
Valerie
Still haven't found
Losing my religion
Easy like Sunday
Come together
Fragile
The Joker
Stand by me
Wonderwall
Sledgehammer
Taxman
Stuck in the Middle

I shot the sheriff
Crazy Little Thing
I Can't go for that
The nips are getting bigger
Mrs Robinson

Steal my kisses
Dumb Things
Come said the boy
Walking the dog
Billie Jean
Down on the Corner
Revolution
Hard to Handle
Let's stick together
Brown eyed girl
20 Flight Rock
Satisfaction
Back in black rap
April sun in Cuba

I saw her standing there
Twist and shout
La bamba
Play that funky music

Shakin the tree
What the people say

No Secrets
Sweet home Chicago
I can see clearly now
I’m a Believer
King of the road
Walking on sunshine
Werewolves of London
Sweet home Alabama
Love me two times
Can’t buy me love
Shiny Happy people
Fire
Riders on the storm
Such a night

You never can tell
What I’d say
Kansas city
Eagle rock
Low Rider
Sympathy for the Devil
Stop breaking Down
She caught the katy
After Midnight
Folsom prison blues
Early in the morning
Unchain my heart
Honky Tonk Women
Tie your mother down
In between days
Me and Julio
Second Hand news
And she was
My baby
Dock of the bay
You may be right
Still rock and roll to me
Like wow wipeout

I'm on Fire
Spirit in the Sky
Bohemian Like you
Use me

Superstition
Suspicious minds
I've been to Bali
Harvest Moon
Into the Mystic
Lonely boy
Sweet Transvestite
One Bourbon, one Scotch
Just a Gigolo
Lay Down Sally
Leave your hat on
I love rock & roll
Smackwater jack
Get it on
In Bloom
Like wow wipeout
Lady Day and J Coltraine
Burning ring of fire
Black Magic Woman
Rockin’ all over the world

Summertime
Should I stay or should I go
Welcome Back
Wake up little suzie
Living in the 70s
Walk right in
Fool’s gold
Rock the Casbah
Everybody knows
Sultans of Swing
Lola
Waterloo sunset
Proud Mary
Purple Haze
Drive my Car
Bad Leroy Brown
Here comes the sun
Cryin shame
Bittersweet
Freelove 69
Don’t mess around with Jim

Back in the USSR
Wish you were here
Space Oddity
I guess that's why they call it the blues
When I come around
Layla
Another brick in the wall
Shaky Ground
Messin with the kid
Cissy strut
